Letter of Appreciation

This letter is to acknowledge the contribution of **Pradeep S**, a **2nd** year student of **B.E., Electronics and Communication Engineering** at College of Engineering Guindy, Anna University towards Kurukshetra'25 as a part of the Projects and Research team.

The projects and Research team is run by **CEG Tech Forum (CTF)** the **official technical forum** of CEG, Anna University. CTF is an **ISO-certified** independent and completely student-run organization. CTF organizes Kurukshetra, an International Techno-Management Fest in the College of Engineering Guindy, Anna University every year. The event is recognized for its value in enhancing the technological edge among the student community and its exceptional quality.

3d Mavericks- Hybrid 3d printer. The project/research's focus is on [brief description]. This project/research was done by the following group of students: **Pragadeeshwaran K, Manikandan M, Rohini G A, Alphina Seles L, Nahul Prasath C, Pradeep S, Swetha V, Saravanan B S, Pasupuleti Koushik, Nivashiha D**

Pradeep has contributed to the field of **Electronics** domain **Custom G-code Scripting in Cura, Hardware troubleshooting, RAMPS 1.4 & Marlin customization and Power System Optimization.** His efforts culminated in the successful completion of the project/research, which was reviewed by the top faculty from our institution.
